

The finish line is in sight ...

PADDLE FOR TOMMY

Thank you

Colin and Jim arrived back at Sunbury island on Saturday afternoon at about 4.15pm. They successfully completed their fund raising challenge to canoe from Oxford to Sunbury (86 miles) in 3 days. There were about 25 people who came to welcome them home. The boys were shattered.

The final amount raised has not yet been confirmed but it is in the region of £2,500. Any monies raised for the Tommy Leach Cancer Fund will be split between childrens cancer charities and the Royal Marsden and Epsom Hospital. Fund raising is ongoing.

Tommy still has a long recovery road ahead of him – fingers crossed it will be successful.

Many thanks for your kind donations.

Tommy had been allowed out of hospital Saturday morning, after having spent 5 weeks in the Royal Marsden. He made a brief guest appearance to welcome home Colin and Jim.

Nearly there!!

WELL DONE BOYS!!!

Made it!!
